

CodeRage XII Schedule (Europe time)

CET (UTC+1)		November 9, 2017	November 9, 2017
1:00pm-2:00pm	Title	Delphi Application Migration	
	Level	All (General Information)	
	Presenter	Al Mannarino	
2:00pm - 3:00pm	Title	Modernizing your VCL application	IntraWeb 17 - The Webolution Begins
	Level	Intermediate	All (General Information)
	Presenter	Danny Wind	Chad Hower
3:00pm-4:00pm	Title	Implementing 2-Step Authentication	CrossTalk - Connecting Delphi and C++ to .NET
	Level	Advanced (For experts who want to dive deep)	Introduction (For Beginners)
	Presenter	Nirav Kaku	Chad Hower
4:00pm-5:00pm	Title	Demystifying OOP with RAD Studio and ORMBR	Unit Testing and User Interface
	Level	All (General Information)	All (General Information)
	Presenter	Juliomar Marchetti	Ruhollah Akbarzadeh
5:00pm-6:00pm	Title	FixInsight: Finding Bugs with Static Code Analysis	GitHub and Git Foundations
	Level	All (General Information)	All (General Information)
	Presenter	Roman Yankovsky	GitHub
6:00pm-7:00pm	Title	The Delphi Parser - Automatic Migration Tool	Docker for Windows and Windows Containers
	Level	Advanced (For experts who want to dive deep)	All (General Information)
	Presenter	Oren Aviram	Michael Friis and Elton Stoneman, Docker
7:00pm-8:00pm	Title	New feature of Delphi's reporting with FastReport VCL 6	Panel: The Internet of Things Is Here (Davos)
	Level	Introduction (For Beginners)	All (General Information)
	Presenter	Denis	Moderated by Robert F. Smith
8:00pm-9:00pm	Title	Single Sign-On and Two-Factor Authentication with Facebook and Google Authenticator	Multi-thread CFD example in C++ Builder
	Level	Intermediate	All (General Information)
	Presenter	Olaf Monien	Yilmaz Yoru
9:00pm-10:00pm	Title	Plurals, Genders and Abbreviated Numbers with Delphi	Microservices with RAD Server
	Level	All (General Information)	Intermediate
	Presenter	Jaakko Salmenius	Andrew Soltsov
10:00pm-11:00pm	Title	Design Consideration for Multi-Platform Applications	C++ and Physics
	Level	All (General Information)	Intermediate
	Presenter	Sarina DuPont	Mary Kelly
11:00pm-12:00am	Title	IDE Tips and Coding Shortcuts	InterBase Tips and Tricks
	Level	All (General Information)	All (General Information)
	Presenter	Alister Christie	Mary Kelly
12:00am-1:00am	Title	Working with Linux Libraries in Delphi	Understanding the BlockChain
	Level	Advanced (For experts who want to dive deep)	All (General Information)
	Presenter	Craig Chapman	Jim McKeeth
1:00am-2:00am	Title	OpenGL on Linux	
	Level	Advanced (For experts who want to dive deep)	
	Presenter	Craig Chapman
